C. Evaluation of Bids

34. Confidentiality

- 34.1 Information relating to the examination, evaluation, comparison, and post-qualification of bids, and recommendation of contract award, shall not be disclosed to bidders or any other persons not officially concerned with such process until information detailing the Best Evaluated Bidder is communicated to all bidders.
- 34.2 Any effort by a bidder to influence the PDE in the examination, evaluation, comparison, and post-qualification of the bids or contract award decisions may result in the rejection of its bid.
- 34.3 Notwithstanding ITB Sub-Clause 34.2, from the time of bid opening to the time of contract award, if any bidder wishes to contact the PDE on any matter related to the bidding process, it should do so in writing.

35. Clarification of Bids

- 35.1 To assist in the examination, evaluation, comparison and post-qualification of the bids, the PDE may, at its discretion, ask any bidder for a clarification of its bid. Any clarification submitted by a bidder that is not in response to a request by the PDE shall not be considered. The PDE’s request for clarification and the response shall be in writing. All requests for clarification shall be copied to all bidders for information purposes. No change in the prices or substance of the bid shall be sought, offered, or permitted.
- 35.2 If a bidder does not provide clarifications of its bid by the date and time set in the PDE’s request for clarification, its bid may be rejected.

PART 1: Section 1: Instructions to Bidders

36. Compliance and Responsiveness of Bids

- 36.1 The PDE's determination of a bid's compliance and responsiveness is to be based on the contents of the bid itself, subject to the findings recorded after due diligence and/or post qualification. Where due diligence is carried out by the Evaluation Committee, it should be restricted to the areas in the bidding document.
- 36.2 A substantially compliant and responsive bid is one that conforms to all the terms, conditions, and specifications of the bidding documents without material deviation, reservation, or omission. A material deviation is a deviation that-
- a. Affects in a substantial way, the scope or quality of the supplies or services or the performance of the works to be procured;
 - b. Affects the ability of the bidder to perform the proposed contract;
 - c. Impacts the key factors of a procurement, including cost, risk, time and quality and causes -
 - i. Unacceptable time schedules, where it is stated in the bidding document that time is of the essence;
 - ii. Unacceptable alternative technical details, such as design, materials, workmanship, specifications, standards or methodologies; or
 - iii. Unacceptable counter-bids with respect to key contract terms and conditions, such as payment terms, price adjustment, liquidated damages, sub-contracting or warranty.
- 36.3 If a bid is not substantially compliant and responsive to the bidding document, it shall be rejected by the PDE and may not subsequently be made compliant and responsive by the bidder by correction of the material deviation, reservation, or omission.

37. Nonconformities and Omissions

- 37.1 Provided that a bid is substantially compliant and responsive, the PDE may waive any non-conformity or omission in the bid that does not constitute a material deviation.
- 37.2 Provided that a bid is substantially compliant and responsive, the PDE may request that the bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the bid. Failure of the bidder to comply with the request may result in the rejection of its bid.
- 37.3 Provided that a bid is substantially compliant and responsive, the PDE shall rectify nonmaterial nonconformities or omissions. To this effect, the bid price shall be adjusted, for comparison purposes only.

38. Preliminary Examination of Bids – Eligibility and Administrative Compliance

- 38.1 PDE shall examine the legal documentation and other information submitted by bidders to verify the eligibility of bidders and supplies and related services in accordance with ITB Clauses 4 and 6.

PART 1: Section 1: Instructions to Bidders

- 38.2 If after the examination of eligibility, the PDE determines that the bidder, the supplies and/or the related services are not eligible, it shall reject the bid.
- 38.3 The PDE shall examine the bids to confirm that all documents and technical documentation requested in ITB Clause 10 have been provided, and to determine the completeness of each document submitted.
- 38.4 The PDE shall confirm that the following documents and information have been provided in the bid. If any of these documents or information is missing, the offer shall be rejected:
- a. The Bid Submission Sheet duly signed by the authorized representative of the bidder, including:
 - i. A brief description of the supplies and related services offered;
 - ii. The price of the bid; and
 - iii. The validity date of the bid;
 - b. The Price Schedule;
 - c. Written confirmation of authorization to commit the bidder; and
 - d. A Bid Security or Bid Securing Declaration, if applicable.

39. Detailed Technical Evaluation

- 39.1 The PDE shall examine the bid to confirm that all terms and conditions specified in the GCC and the SCC have been accepted by the bidder without any material deviation or reservation. The PDE shall only use the criteria and methodologies defined in this clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.
- 39.2 If, after the examination of the terms and conditions, the PDE determines that the bid is not substantially responsive in accordance with ITB Clause 36, it shall reject the bid.
- 39.3 The PDE shall evaluate the technical aspects of the bid submitted in accordance with ITB Clause 22, to confirm that all requirements specified in Section 6, Statement of Requirements of the bidding document have been met without any material deviation or reservation.
- 39.4 If, after the technical evaluation, the PDE determines that the bid is not substantially compliant in accordance with ITB Clause 36, it shall reject the bid.

40. Currency and Exchange Rate

- 40.1 Unless otherwise specified in the BDS, the currency that shall be used for evaluation and comparison purposes for all bids shall be Uganda Shillings.
- 40.2 The exchange rate shall be the prevailing Bank of Uganda selling exchange rate at the date of bid submission deadline.

41. Financial Comparison of Bids

- 41.1 The PDE shall financially evaluate each bid that has been determined, up to this stage of the evaluation, to be substantially compliant and responsive.

PART 1: Section 1: Instructions to Bidders

- 41.2 To financially evaluate a bid, the PDE shall only use the criteria and methodologies defined in this Clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.
- 41.3 The PDE's financial comparison of bids may require the consideration of factors other than costs, in addition to the bid price quoted in accordance with ITB Clause 18. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the supplies and related services. The factors selected, if any, shall be expressed in monetary terms to facilitate comparison of bids, unless otherwise specified in Section 3, Evaluation Methodology and Criteria. The factors to be used and the methodology of application shall be indicated in Section 3, Evaluation Methodology and Criteria.
- 41.4 To financially compare bids, the PDE shall:
- a. Correct any non-conformity or omission that is not an arithmetic error;
 - b. Apply any unconditional discounts offered in accordance with ITB Sub-Clause 16.1(d);
 - c. Make adjustments for any nonmaterial nonconformities and omissions in accordance with ITB Sub-Clause 37.3;
 - d. Apply any non-cost factors in accordance with ITB Sub-Clause 41.3;
 - e. Where applicable, use the prevailing exchange rate of Bank of Uganda in accordance with ITB Clause 40;
 - f. Apply any margin of preference in accordance with ITB Clause 43;
 - g. Determine the total evaluated price of each bid.

42. Abnormally Low Bids

- 42.1 An abnormally low bid is one where the bid price, in combination with other elements of the bid, appears so low that it raises material concerns as to the capability of the bidder in regards to the bidder's ability to perform the contract for the offered bid price or that genuine competition between bidders is compromised.
- 42.2 In the event of identification of a potentially abnormally low bid, the PDE shall seek written clarifications from the bidder, including detailed price analyses of its bid price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the bid document.
- 42.3 After evaluation of the price analyses, in the event that the PDE determines that the bidder has failed to demonstrate its capability to perform the contract for the offered bid price, the PDE shall reject the bid.

43. Margin of Preference

- 43.1 Unless otherwise specified in the BDS, a margin of preference shall apply. Where a Margin of Preference applies, its application and detail shall be specified in Section 3, Evaluation Methodology and Criteria.
- 43.2 For the purpose of granting a margin of domestic preference, bids will be classified in one of two groups, as follows:

PART 1: Section 1: Instructions to Bidders

- a. **Group A:** Goods manufactured in Uganda, for which (i) labour, raw materials, and components from within Uganda account for more than thirty (30) percent of the EXW price; and (ii) the production facility in which they will be produced or manufactured is in Uganda on the date of bid submission.
- b. **Group B:** Goods of foreign origin already imported or to be imported by the Purchaser directly or through the Supplier's local agent.

43.3 Bidders claiming eligibility for a Margin of Preference must provide documentary evidence that at least thirty percent of the labour, raw materials and components of the goods originate in Uganda and that the production facility in which the goods are to be assembled or processed is engaged in the manufacturing, assembling or processing of the goods at the time of submission of the bid.

43.4 The determination shall be based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, pursuant to ITB Clause 23, to clarifications in accordance with ITB Clause 35 and the qualification criteria indicated in Section 3, Evaluation Methodology and Criteria. Factors not included in Section 3 shall not be used in the evaluation of the bidder's qualification.

44. Post-qualification Evaluation.

44.1 The PDE shall determine to its satisfaction whether the bidder that is selected as having submitted the best evaluated bid is qualified to perform the contract satisfactorily.

44.2 An affirmative determination shall be a prerequisite for award of the contract to the bidder. A negative determination shall result in disqualification of the bid, in which event the PDE shall proceed to the next best evaluated bid to make a similar determination of that Bidder's capabilities to perform satisfactorily.

44.3 Post-qualification shall be conducted in accordance to the PPDA Act, Cap 205 but pre-qualification information shall be verified.

45. Determination of Best Evaluated Bid

The best evaluated bid shall be the lowest priced bid which is eligible, administratively and technically compliant to the requirements specified in the bidding document.

D. Award of Contract

46. Award Procedure and Notice of Best Evaluated Bidder

- 46.1 An award decision by the Contracts Committee is not a contract. The bidder with the best evaluated bid shall be awarded the contract following an adjudication by the Contracts Committee.
- 46.2 Negotiations may be held with the best evaluated bidder before award of the contract.
- 46.3 The PDE shall issue a Notice of Best Evaluated Bidder (NOBEB) within five (5) working days after the decision of the Contracts Committee to award a contract, deliver a copy of the notice to all bidders who participated in the bidding process, place such Notice on its notice board for display for ten (10) working days and publish it on the website of the Authority and the website of the Entity where applicable. The computation of the ten (10) working days shall commence from the next day following the display of the notice. No contract shall be signed within the period of ten (10) working days after the date of display of the best evaluated bidder notice.

47. PDE's Right to Reject Bids or Cancel the Bidding Process

The PDE reserves the right to reject any bid or cancel the bidding process at any time prior to contract award, without thereby incurring any liability to bidders. In case of cancellation, all bid securities shall be returned to the bidders.

48. PDE's Right to Vary Quantities at Time of Award

At the time the contract is awarded, the PDE reserves the right to increase or decrease the quantity of supplies and related services originally specified in Section 6, Statement of Requirements, provided this does not exceed the percentages indicated in the BDS, and without any change in the unit prices or other terms and conditions of the bid and the bidding document.

49. Signing of the Contract

On expiry of the ten (10) working days' period after display of the best evaluated bidder notice and upon approval by the Attorney General where applicable, the PDE shall promptly sign a contract with the successful bidder. An award shall be confirmed by the written contract signed by both the bidder and the PDE.

50. Effectiveness of Contract

- 50.1 Failure by the successful bidder to sign the contract shall constitute sufficient ground for annulment of the contract award decision and forfeiture of the Bid Security or execution of the Bid Securing Declaration. In that event, the PDE may award the contract to the next best ranked bidder whose bid was evaluated at the financial comparison stage, provided its bid is still valid.
- 50.2 Effectiveness of the contract shall be subject to submission of a satisfactory Performance Security where applicable and any other conditions specified in the contract.
- 50.3 A contract shall not be entered into by an Accounting Officer with a bidder during the period of administrative review as provided for under the PPDA Act, Cap 205.

PART 1: Section 1: Instructions to Bidders

51. Debriefing of bidders

Where a bidder requests information on the reasons for the success or failure of their bid, the PDE shall promptly give the bidder a written debrief after the signing of the contract.

52. Performance Security or Performance Securing Declaration and Environmental and Social Performance Security

52.1 Within twenty-one (21) days of signing of the contract, the successful bidder shall where applicable, furnish to the PDE a Performance Security in the amount stipulated in the SCC and in the form of on demand bank guarantee/ on demand insurance bond as stipulated in Section 9, denominated in the type and proportions of currencies of the contract. The performance security shall be issued by a Bank located in Uganda or a foreign Bank through correspondence with a Bank located in Uganda. On demand insurance bonds with proof of re-insurance, in the format included in Section 9 (contract forms) can be accepted.

52.2 Failure of the successful bidder to submit the above-mentioned Performance Security and, if required in the BDS, the Environmental and Social (ES) Performance Security, shall constitute sufficient ground for annulment of the contract award decision. In this case, the successful bidder's Bid Security shall be forfeited or the conditions of the Bid Securing Declaration shall be executed. In that event, the PDE may award the contract to the next best ranked bidder whose bid was evaluated at the financial comparison stage, provided it is still valid.

52.3 Where a provider is required to provide a performance security, a bid security from that provider shall not be released until a satisfactory performance security is received and verified by the PDE and the contract is signed.

53. Advance Payment and Security

If so stated in the BDS, the PDE will provide an Advance Payment on the contract price, subject to a maximum amount, as stated in the SCC. This payment shall be in the same currencies and proportions as the contract payment and shall be made in accordance with the GCC. On demand insurance bonds with proof of re-insurance, in the format included in Section 9 (contract forms) can be accepted.

TERMS OF REFERENCE FOR THE OVERHAUL AND REHABILITATION OF URC WAGONS.

1.0 BACKGROUND

Uganda Railways Corporation (URC) is a statutory body responsible for the management, operation, and maintenance of railway infrastructure and services in Uganda. URC plays a critical role in facilitating the efficient movement of bulk cargo, including containerized goods, steel products, and other commodities, between regional ports such as Mombasa and Dar es Salaam and the Ugandan hinterland.

The URC wagon fleet has experienced significant deterioration due to prolonged deferred maintenance, inadequate funding, and asset aging. The last major rehabilitation effort occurred in 2013 under the KfW Rehabilitation Project, which overhauled 365 wagons. Since then, no major maintenance interventions have been undertaken, resulting in reduced fleet availability, frequent breakdowns, derailments, diminished payload capacity, extended turnaround times, elevated operating costs, and a loss of market share to road transport.

In response to growing demand for railway haulage and the need to restore operational efficiency, URC has been allocated funds by the Government of Uganda to support the overhaul and rehabilitation of a total of 300 wagons, comprising:

- Rehabilitation of 100 flat wagons
- Overhaul of 128 flat wagons
- Overhaul of 72 covered wagons

Part 2: Section 6: Statement of Requirements

The contractor for the works will be responsible for supplying all required materials as per the Statement of Requirements (SoR), fitting these materials, and performing all necessary maintenance, rehabilitation, and conversion works. The project aims to enhance wagon reliability, availability, and capacity to meet current and future freight demands.

2.0 OBJECTIVES

2.1 Overall Objective

To restore the availability, reliability, and operational capacity of URC's wagon fleet through the comprehensive overhaul and rehabilitation of 300 wagons, thereby improving freight transportation efficiency and competitiveness.

2.2 Specific Objectives

The contractor shall:

1. Rehabilitate 100 flat wagons to restore their structural, mechanical, and operational integrity, of these 13 wagons will be converted from Covered to Flat wagons.
2. Overhaul 128 flat wagons and 72 Covered Wagons to restore all performance parameters as per OEM specifications.
3. Replace, repair, and/or install all specified components, fittings, and materials supplied under the project.
4. Conduct comprehensive testing, safety certification, and commissioning for all wagons.

3.0 SCOPE OF WORK

The Contractor shall execute the project in full compliance with international railway standards such as UIC or equivalent and all URC specifications. All works shall be performed at designated URC facilities with minimal disruption to ongoing operations.

- Overhaul and repair of brake systems, including distributor valves, brake cylinders, slack adjusters, piping and other components ensuring compliance with safety standards.
- Overhaul of Wagon bogies encompassing wheelsets, axles, bearings, springs, and suspension systems, with replacement of worn components as necessary.
- Repair and maintenance of couplers, draft gears, and buffering systems to ensure secure coupling and shock absorption.
- Application of anti-corrosive painting and protective coatings to all exposed surfaces.

Part 2: Section 6: Statement of Requirements

- Application of stenciled markings, Wagon numbers and branding on wagon bodies and sole bars as per URC requirements.
- Re-tyring of wheels worn to their condemning limits and reprofiling to restore wheels to their standard geometry.
- Comprehensive operational testing, brake efficiency tests, and commissioning to verify operational readiness.
- Any additional incidental works required to restore the wagons to full operational condition.

3.2 Overhaul of 128 Flat Wagons and 72 Covered Wagons

The Contractor shall conduct a complete overhaul of 128 flat wagons and 72 covered wagons, including all activities listed under Section 3.1 (for flat wagons) and, where applicable to covered wagons, equivalent repairs to body structures, doors, and roofing while preserving the covered configuration.

3. Corrupt Practices

- 3.1 It is the Government of Uganda's policy to require that PDEs, as well as bidders and providers under Government financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts. In pursuit of this policy, the Government of Uganda:
- a. Defines, for the purposes of this provision, the terms set forth below as follows:
 - i. "Corrupt practice" includes the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement or disposal process or in contract execution; and
 - ii. "Fraudulent practice" includes a misrepresentation of facts in order to influence a procurement or disposal process or the execution of a contract to the detriment of the PDE, and includes collusive practices among bidders prior to or after bid submission designed to establish bid prices at artificial non-competitive levels and to deprive the PDE of the benefits of free and open competition;

 - iv. "Coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;

- 3.2 The provider shall permit the Government of Uganda to inspect the provider's accounts and records relating to the performance of the provider and to have them audited by auditors appointed by the Government of Uganda, if so required by the Government.
- 3.3 In pursuit of the policy defined in Sub-Clause 3.1, the PDE may terminate a contract for supplies if it at any time determines that corrupt, fraudulent, collusive or coercive practices were engaged in by representatives of the PDE or of a provider, during the procurement or the execution of that contract, in accordance with GCC 36.1.

4. Interpretation

4.1 If the context so requires it, singular means plural and vice versa.

4.2 Incoterms

- a. Unless otherwise specified in the SCC, the meaning of any trade term and the rights and obligations of parties thereunder shall be as prescribed by Incoterms.
- b. EXW, CIP, and other similar terms shall be governed by the rules prescribed in the edition of Incoterms, published by the International Chamber of Commerce as specified in the SCC.

4.3 Entire Agreement

The contract constitutes the entire agreement between the PDE and the provider and supersedes all communications, negotiations and agreements (whether written or oral) of the parties with respect thereto made prior to the date of the contract.

4.4 Amendment

No amendment or other variation of the contract shall be valid unless it is in writing, is dated, expressly refers to the contract, and is signed by a duly authorised representative of each party thereto.

4.5 Non-waiver

- a. Subject to GCC Sub-Clause 4.5(b) below, no relaxation, forbearance, delay, or indulgence by either party in enforcing any of the terms and conditions of the contract or the granting of time by either party to the other shall prejudice, affect, or restrict the rights of that party under the contract, neither shall any waiver by either party of any breach of contract operate as waiver of any subsequent or continuing breach of contract.
- b. Any waiver of a party's rights, powers, or remedies under the contract must be in writing, dated, and signed by an authorised representative of the party granting such waiver, and must specify the right and the extent to which it is being waived.

5. Language

5.1 The contract as well as all correspondence and documents relating to the contract exchanged by the provider and the PDE, shall be written in English unless specified otherwise in the SCC. Supporting documents and printed literature that are part of the contract may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified, in which case, for purposes of interpretation of the contract, this translation shall govern.

5.2 The provider shall bear all costs of translation to the governing language and all risks of the accuracy of such translation.

6. Joint Venture

Unless otherwise specified in the SCC, if the provider is a Joint Venture (JV) all of the parties shall be jointly and severally liable to the PDE for the fulfilment of the provisions of the contract and shall act through the authorised representative to bind the JV. The composition or the constitution of the JV shall not be altered without the prior consent of the PDE.

7. Eligibility

7.1 The provider and its Subcontractors shall have the nationality of an eligible country. A provider or Subcontractor shall be deemed to have the nationality of a country if it is a citizen or constituted, incorporated, or registered, and operates in conformity with the provisions of the laws of that country.

7.2 All supplies and related services to be supplied under the contract shall have their origin in Eligible Countries. For the purpose of this Clause, origin means the country where the supplies have been grown, mined, cultivated, produced, manufactured, or processed, or through manufacture, processing, or assembly

8. Notices

8.1 Any notice given by one party to the other pursuant to the contract shall be in writing to the address specified in the SCC. The term “in writing” means communicated in written form with proof of receipt.

8.2 A notice shall be effective when delivered or on the notice’s effective date, whichever is later.

9. Governing Law

The contract shall be governed by and interpreted in accordance with the laws of Uganda unless otherwise specified in the SCC.

10. Settlement of Disputes

10.1 The PDE and the provider shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the contract or interpretation thereof.

10.2 If the parties fail to resolve such a dispute or difference by mutual consultation within twenty-eight (28) days from the commencement of such consultation, either party may require that the dispute be referred for resolution as specified in the SCC.

11. Scope of Supply

11.1 The supplies and related services to be provided shall be as specified in the Statement of Requirements.

11.2 The Supply shall include all such items not specifically mentioned in the contract but that can be reasonably inferred from the contract as being required for attaining delivery and completion of the supplies and related services as if such items were expressly mentioned in the contract.

12. Delivery and Documents

Subject to GCC Sub-Clause 33.1, the delivery of the supplies and completion of the related services shall be in accordance with the Delivery and Completion Schedule specified in the Statement of Requirements.

13. Provider's Responsibilities

The provider shall provide all the supplies and related services included in the Scope of Supply in accordance with GCC Clause 11, and the Delivery and Completion Schedule, as per GCC Clause 12.

14. Procuring and Disposing Entity's Responsibilities

14.1 Whenever the provision of supplies and related services requires that the provider obtain permits, approvals, and import and other licenses from local public authorities in Uganda, the PDE shall, if so required by the provider, make its best effort to assist the provider in complying with such requirements in a timely and expeditious manner.

14.2 The PDE shall pay all costs involved in the performance of its responsibilities, in accordance with GCC Sub-Clause 14.1.

15. Contract Price

The contract price shall be as specified in the Agreement subject to any additions and adjustments thereto, or deductions therefrom, as may be specified in the SCC.

16. Terms of Payment

16.1 The contract price shall be paid as specified in the SCC.

16.2 The provider's request for payment shall be made to the PDE in writing, accompanied by invoices describing, as appropriate, the supplies delivered and related services performed, and by the documents submitted pursuant to GCC Clause 12 and upon fulfilment of all the obligations stipulated in the contract.

16.3 Unless otherwise specified in the SCC, payments shall be made promptly by the PDE, no later than thirty (30) days after submission of an invoice or request for payment by the provider, and its certification by the PDE.

16.4 The currency or currencies in which payments shall be made to the provider under this contract shall be specified in the SCC.

17. Advance Payment Security

17.1 Unless otherwise stated in the SCC, where any payment is made in advance of delivery of any supplies or related services, payment of the advance payment shall be made against the provision by the provider of a bank guarantee or an on demand insurance bond with proof of re-insurance, for the same amount, and shall be valid for the period stated in the SCC.

17.2 Should the advance payment security cease to be valid and the provider fails to re-validate it, a deduction equal to the amount of the advance payment may be made by the PDE from future payments due to the provider under the contract.

Part 3: Section 7: General Conditions of Contract for the Procurement of Supplies

17.3 If a contract is terminated for any reason, the security securing the advance may be invoked in order to recover the balance of the advance still owed by the provider.

18. Taxes and Duties

18.1 Except as otherwise specifically provided in the SCC, the provider shall bear and pay all taxes, import duties, and levies imposed on the provider, by all municipal, state or national government authorities, both within and outside Uganda, in connection with the supplies and related services to be supplied under the contract.

18.2 Notwithstanding GCC Sub-Clause 18.1, and unless otherwise specified in the SCC, the PDE shall bear and promptly pay all taxes, import duties, and levies imposed by law in Uganda on the supplies and related services when such supplies and related services are supplied from and delivered or completed outside Uganda.

18.3 If any tax exemptions, reductions, allowances or privileges may be available to the provider in Uganda, the PDE shall use its best efforts to enable the provider to benefit from any such tax savings to the maximum allowable extent.

18.4 For the purpose of the contract, it is agreed that the contract price specified in the Agreement is based on the taxes, duties, levies, and charges prevailing at the date twenty-eight (28) days prior to the date of bid submission in Uganda (called “tax” in this sub-clause). If any tax rates are increased or decreased, a new tax is introduced, an existing tax is abolished, or any change in interpretation or application of any tax occurs in the course of the performance of the contract, which was or will be assessed on the provider, its subcontractors, or their employees in connection with performance of the contract, an equitable adjustment to the contract price shall be made to fully take into account any such change by addition to or reduction from the contract price, as the case may be.

19. Performance Security

19.1 If so stated in the SCC, the provider shall, within twenty-one (21) days of the notification of contract award, provide a Performance Security for the due performance of the Contract in the amount and currency specified in the SCC or in a freely convertible currency acceptable to the PDE.

19.2 The proceeds of the Performance Security shall be payable to the PDE as compensation for any loss resulting from the provider’s failure to complete its obligations under the contract.

19.3 The Performance Security shall be in one of the forms stipulated by the PDE in the SCC, or in another form acceptable to the PDE.

19.4 The Performance Security shall be discharged by the PDE and returned to the provider not later than twenty-eight (28) days following the date of completion of the provider’s performance obligations under the contract, including any warranty obligations, unless specified otherwise in the SCC.

20. Copyright

The copyright in all drawings, documents, and other materials containing data and information furnished to the PDE by the provider herein shall remain vested in the provider, or, if they are

Part 3: Section 7: General Conditions of Contract for the Procurement of Supplies

furnished to the PDE directly or through the provider by any third party, including providers of materials, the copyright in such materials shall remain vested in such third party.

21. Confidential Information

- 21.1 The PDE and the provider shall keep confidential and shall not, without the written consent of the other party hereto, divulge to any third party any documents, data, or other information furnished directly or indirectly by the other party hereto in connection with the contract, whether such information has been furnished prior to, during or following completion or termination of the contract. Notwithstanding the above, the provider may furnish to its subcontractor such documents, data, and other information it receives from the PDE to the extent required for the subcontractor to perform its work under the contract, in which event the provider shall obtain from such subcontractor an undertaking of confidentiality similar to that imposed on the provider under GCC Clause 21.
- 21.2 The PDE shall not use such documents, data, and other information received from the provider for any purposes unrelated to the contract. Similarly, the provider shall not use such documents, data, and other information received from the PDE for any purpose other than the design, procurement, or other work and services required for the performance of the contract.
- 21.3 The obligation of a party under GCC Sub-Clauses 21.1 and 21.2 above, however, shall not apply to information that:
- a. The PDE or provider need to share with any institution participating in the financing of the contract;
 - b. Now or hereafter enters the public domain through no fault of that party;
 - c. Can be proven to have been possessed by that party at the time of disclosure and which was not previously obtained, directly or indirectly, from the other party; or
 - d. Otherwise lawfully becomes available to that party from a third party that has no obligation of confidentiality.
- 21.4 The above provisions of GCC Clause 21 shall not in any way modify any undertaking of confidentiality given by either of the parties hereto prior to the date of the contract in respect of the Supply or any part thereof.
- 21.5 The provisions of GCC Clause 21 shall survive completion or termination, for whatever reason, of the contract.

22. Subcontracting

- 22.1 The provider shall notify the PDE in writing of all subcontracts awarded under the contract if not already specified in the bid. Subcontracting shall in no event relieve the provider from any of its obligations, duties, responsibilities, or liability under the contract.
- 22.2 Subcontracts shall comply with the provisions of GCC Clauses 3 and 7.

23. Specifications and Standards

- 23.1 Technical Specifications and Drawings
- a. The provider shall ensure that the supplies and related services comply with the technical specifications and other provisions of the contract.

Part 3: Section 7: General Conditions of Contract for the Procurement of Supplies

- b. The provider shall be entitled to disclaim responsibility for any design, data, drawing, specification or other document, or any modification thereof provided or designed by or on behalf of the PDE, by giving a notice of such disclaimer to the PDE.
- c. The supplies and related services supplied under this contract shall conform to the standards mentioned in the Statement of Requirements and, when no applicable standard is mentioned, the standard shall be equivalent or superior to the official standards whose application is appropriate to the country of origin of the supplies.

23.2 Wherever references are made in the contract to codes and standards in accordance with which it shall be executed, the edition or the revised version of such codes and standards shall be those specified in the Statement of Requirements. During contract execution, any changes in any such codes and standards shall be applied only after approval by the PDE and shall be treated in accordance with GCC Clause 34.

24. Packing and Documents

24.1 The provider shall provide such packing of the supplies as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. During transit, the packing shall be sufficient to withstand, without limitation, rough handling and exposure to extreme temperatures, salt and precipitation, and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the supplies' final destination and the absence of heavy handling facilities at all points in transit.

24.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in the SCC, and in any other instructions ordered by the PDE.

25. Insurance

Unless otherwise specified in the SCC, the supplies provided under the contract shall be fully insured, in a freely convertible currency from an eligible country, against loss or damage incidental to manufacture or acquisition, transportation, storage, and delivery, in accordance with the applicable Incoterm or in the manner specified in the SCC.

26. Transportation

Responsibility for transportation of the supplies shall be in accordance with the Incoterm specified in the SCC.

27. Inspections and Tests

27.1 The provider shall at its own expense and at no cost to the PDE carry out all such tests and/or inspections of the supplies and related services as are specified in the Statement of Requirements.

27.2 The inspections and tests may be conducted on the premises of the provider or its subcontractor, at point of delivery, and/or at the supplies' final destination, or in another place in Uganda as specified in the Statement of Requirements. Subject to GCC Sub-Clause 27.3, if conducted on the premises of the provider or its subcontractor, all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the PDE.

Part 3: Section 7: General Conditions of Contract for the Procurement of Supplies

- 27.3 The PDE or its designated representative shall be entitled to attend the tests and/or inspections referred to in GCC Sub-Clause 27.2, provided that the PDE bears all of its own costs and expenses incurred in connection with such attendance including, but not limited to, all travelling and board and lodging expenses.
- 27.4 Whenever the provider is ready to carry out any such test and inspection, it shall give a reasonable advance notice, including the place and time, to the PDE. The provider shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable the PDE or its designated representative to attend the test and/or inspection.
- 27.5 The PDE may require the provider to carry out any test and/or inspection not required by the contract but deemed necessary to verify that the characteristics and performance of the supplies comply with the technical specifications codes and standards under the contract, provided that the provider's reasonable costs and expenses incurred in the carrying out of such test and/or inspection shall be added to the contract price. Further, if such test and/or inspection impedes the progress of manufacturing and/or the provider's performance of its other obligations under the contract, due allowance will be made in respect of the delivery dates and completion dates and the other obligations so affected.
- 27.6 The provider shall provide the PDE with a report of the results of any such test and/or inspection.
- 27.7 The PDE may reject any supplies or any part thereof that fail to pass any test and/or inspection or do not conform to the specifications. The provider shall either rectify or replace such rejected supplies or parts thereof or make alterations necessary to meet the specifications at no cost to the PDE, and shall repeat the test and/or inspection, at no cost to the PDE, upon giving a notice pursuant to GCC Sub-Clause 27.4.
- 27.8 The provider agrees that neither the execution of a test and/or inspection of the supplies or any part thereof, nor the attendance by the PDE or its representative, nor the issue of any report pursuant to GCC Sub-Clause 27.6, shall release the provider from any warranties or other obligations under the contract.

28. Liquidated Damages

If so stated in the SCC and except as provided under GCC Clause 33, if the provider fails to deliver any or all of the supplies or perform the related services within the period specified in the contract, the PDE may without prejudice to all its other remedies under the contract, deduct from the contract price, as liquidated damages, a sum equivalent to the percentage specified in the SCC of the contract price for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in those SCC. Once the maximum is reached, the PDE may terminate the contract pursuant to GCC Clause 36.

29. Warranty

- 29.1 The provider warrants that all the supplies are new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided otherwise in the contract.

Part 3: Section 7: General Conditions of Contract for the Procurement of Supplies

- 29.2 Subject to GCC Sub-Clause 23.1, the provider further warrants that the supplies shall be free from defects arising from any act or omission of the provider or arising from design, materials, and workmanship, under normal use in the conditions prevailing in Uganda.
- 29.3 Unless otherwise specified in the SCC, the warranty shall remain valid for twelve (12) months after the supplies, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the SCC, or for eighteen (18) months after the date of shipment or loading in the country of origin, whichever period concludes earlier.
- 29.4 The PDE shall give notice to the provider stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The PDE shall afford all reasonable opportunity for the provider to inspect such defects.
- 29.5 Upon receipt of such notice, the provider shall, within two weeks or such other period specified in the SCC, expeditiously repair or replace the defective supplies or parts thereof, at no cost to the PDE.
- 29.6 If having been notified, the provider fails to remedy the defect within the period specified in Sub-Clause 29.5, the PDE may proceed to take within a reasonable period such remedial action as may be necessary, at the provider's risk and expense and without prejudice to any other rights which the PDE may have against the provider under the contract.

30. Patent Indemnity

- 30.1 The provider shall, subject to the PDE's compliance with GCC Sub-Clause 30.2, indemnify and hold harmless the PDE and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the PDE may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the contract by reason of:
- a. The installation of the supplies by the provider or their use in Uganda or where the site is located; and
 - b. The sale in any country of the products produced by the supplies.

Such indemnity shall not cover any use of the supplies or any part thereof other than for the purpose indicated by or to be reasonably inferred from the contract, neither any infringement resulting from the use of the supplies or any part thereof, or any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the provider, pursuant to the contract.

- 30.2 If any proceedings are brought or any claim is made against the PDE arising out of the matters referred to in GCC Sub-Clause 30.1, the PDE shall promptly give the provider a notice thereof, and the provider may at its own expense and in the PDE's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

Part 3: Section 7: General Conditions of Contract for the Procurement of Supplies

30.3 If the provider fails to notify the PDE within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the PDE shall be free to conduct the same on its own behalf.

30.4 The PDE shall, at the provider's request, afford all available assistance to the provider in conducting such proceedings or claim, and shall be reimbursed by the provider for all reasonable expenses incurred in so doing.

30.5 The PDE shall indemnify and hold harmless the provider and its employees, officers, and subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the provider may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the PDE.

31. Limitation of Liability

Except in cases of gross negligence or willful misconduct:

- a. Neither party shall be liable to the other party for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the provider to pay liquidated damages to the PDE; and
- b. The aggregate liability of the provider to the PDE, whether under the contract, in tort, or otherwise, shall not exceed the total contract value or such other amount specified in the SCC, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the Provider to indemnify the PDE with respect to patent infringement.

32. Change in Laws and Regulations

Unless otherwise specified in the contract, if after the date of the bidding document, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in Uganda or where the Site is located (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the delivery date and/or the contract price, then such delivery date and/or contract price shall be correspondingly increased or decreased, to the extent that the provider has thereby been affected in the performance of any of its obligations under the contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 15.

33. Force Majeure

33.1 The provider shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the contract is the result of an event of force majeure.

Part 3: Section 7: General Conditions of Contract for the Procurement of Supplies

33.2 For purposes of this Clause, “force majeure” means an event or situation beyond the control of the provider that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the provider. Such events may include, but not be limited to, acts of the Government of Uganda in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

33.3 If a force majeure situation arises, the provider shall promptly notify the PDE in writing of such condition and the cause thereof. Unless otherwise directed by the PDE in writing, the provider shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

34. Change Orders and Contract Amendments

34.1 The PDE may at any time order the provider through notice in accordance with GCC Clause 8, to make changes within the general scope of the contract in any one or more of the following:

- a. Drawings, designs, or specifications, where supplies to be furnished under the contract are to be specifically manufactured for the PDE;
- b. The method of shipment or packing;
- c. The place of delivery; and
- d. The related services to be provided by the provider.

34.2 If any such change causes an increase or decrease in the cost of, or the time required for, the provider’s performance of any provisions under the contract, an equitable adjustment shall be made in the contract price or in the Delivery/Completion Schedule, or both, and the contract shall accordingly be amended. Any claims by the provider for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the provider’s receipt of the PDE’s change order.
